# Oil Pastel Worksheet

**Remember if you get stuck or don't know how to do one of the numbers ask someone around you for help, or look at the example on the board.**

1. In the box below add one color and make one area a highlight.

--

2. In the boxes below take 2 primary color and blend them in the middle box to create a secondary color.

--	--	--

Primary

Blend to create Secondary

Primary

3. In the boxes below choose one color to create a tint and shade

--	--

Color Choice

Create a tint

--	--

Color Choice

create a shade

4. In the boxes below choose a primary and secondary color and blend them together to create an intermediate/tertiary color.

--	--	--

Primary Color

Blend

Secondary color

5. In the boxes below create movement and texture by using 3 colors (2 greens and either 1 blue or 1 yellow) and in one box draw long flowing lines in the same direction. You can overlap the colors. With the same colors in the other box draw short vertical lines

Hills/Water- long lines

Grass/Fur- short vertical lines

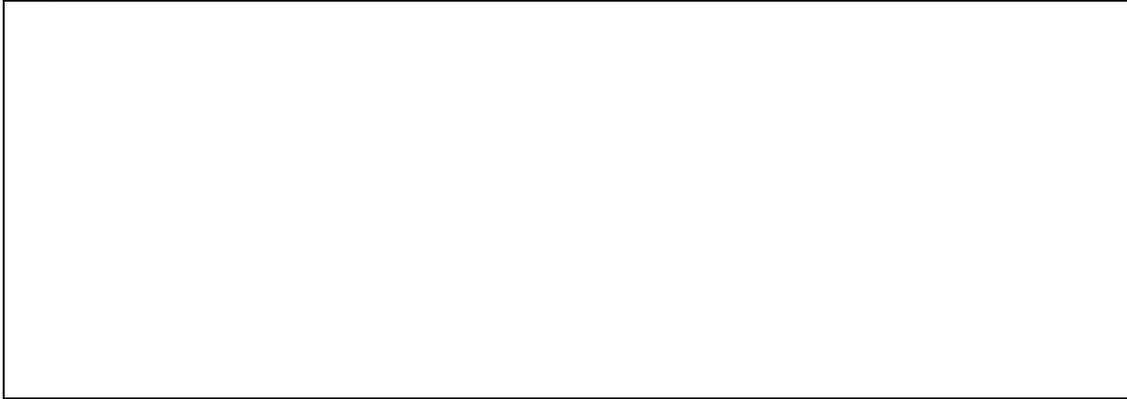

--	--

6. In the boxes below create a day sky in one box and night in the other box with movement and texture by using 3 colors in each section and draw lines going in different directions. Overlap the colors.

Day: must have 2 clouds, sun and sky.- blend the clouds and rays around the sun.

--

Night: must have 3 stars, moon and sky.-blend the star and moon rays.

7. On the tree below add grass, branches, leaves, and shadow. Utilize what you know to make it look textured and as realistic as you can.

Keep this to turn in for 30 points.
